

180° Rotating Nozzle
Direct Spray

Wheelbase

1500 mm

Endurance:

15 min

Rotatable

180°

Volume

22 L

water pump pressure

1.2 Mpa

The width of the spray

4-5 m

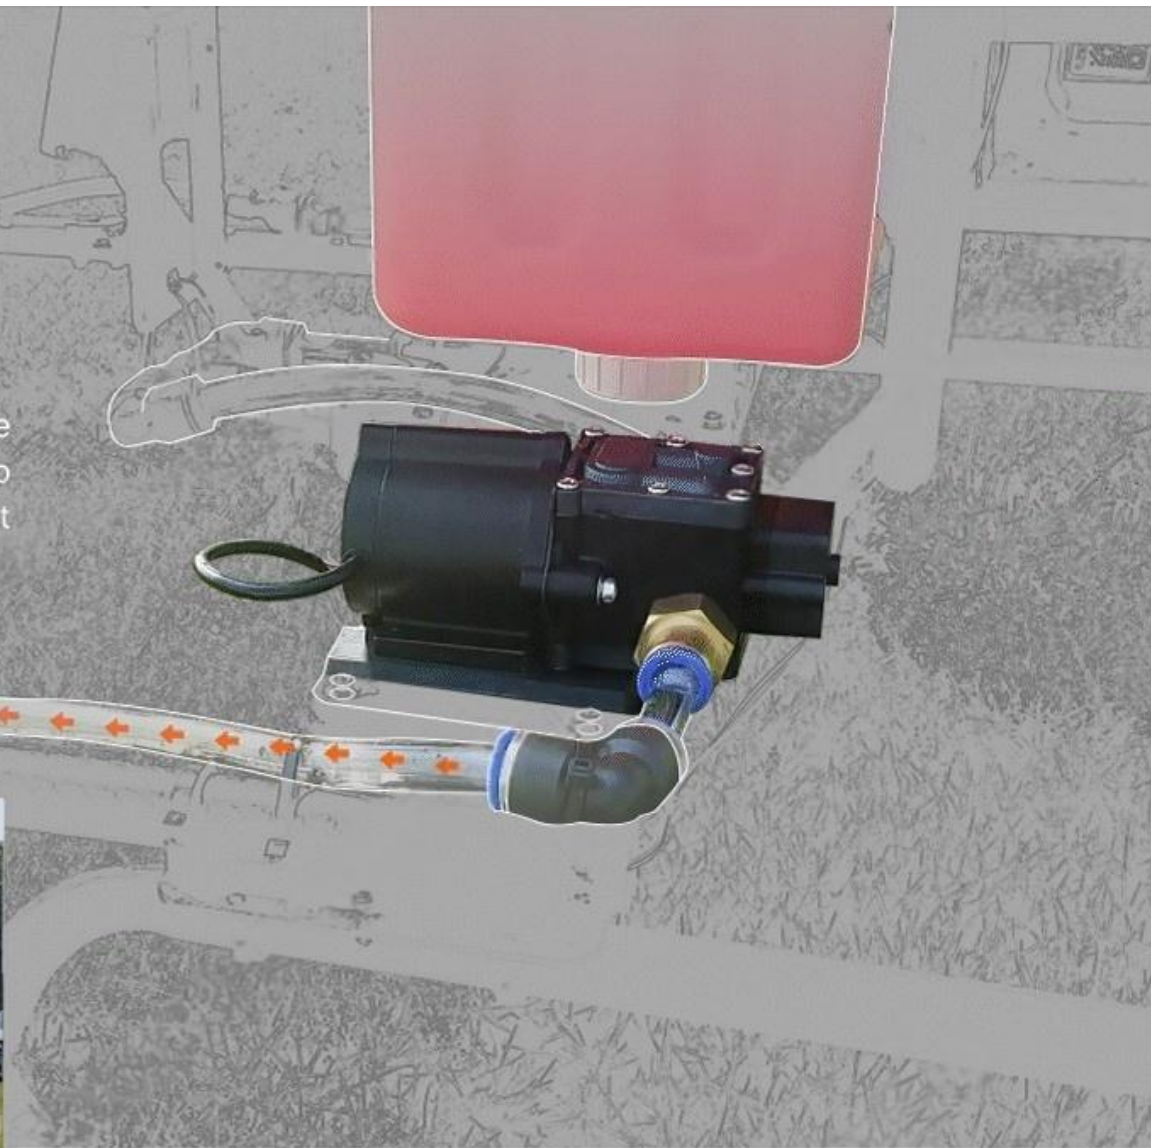

All-round No dead angle

The spray nozzle is in front of the drone, the length can reach up to 1 meter . 180° rotation nozzle plus horizontal rotation angle of the drone, it can achieve a full range spraying without dead angle. More efficient for cleaning.

Powerful Pump 1.2MPa

Enhanced powerful water pump ensures the outlet pressure, the maximum water pump pressure is 1.2Mpa (12kg), can clean dirt easily

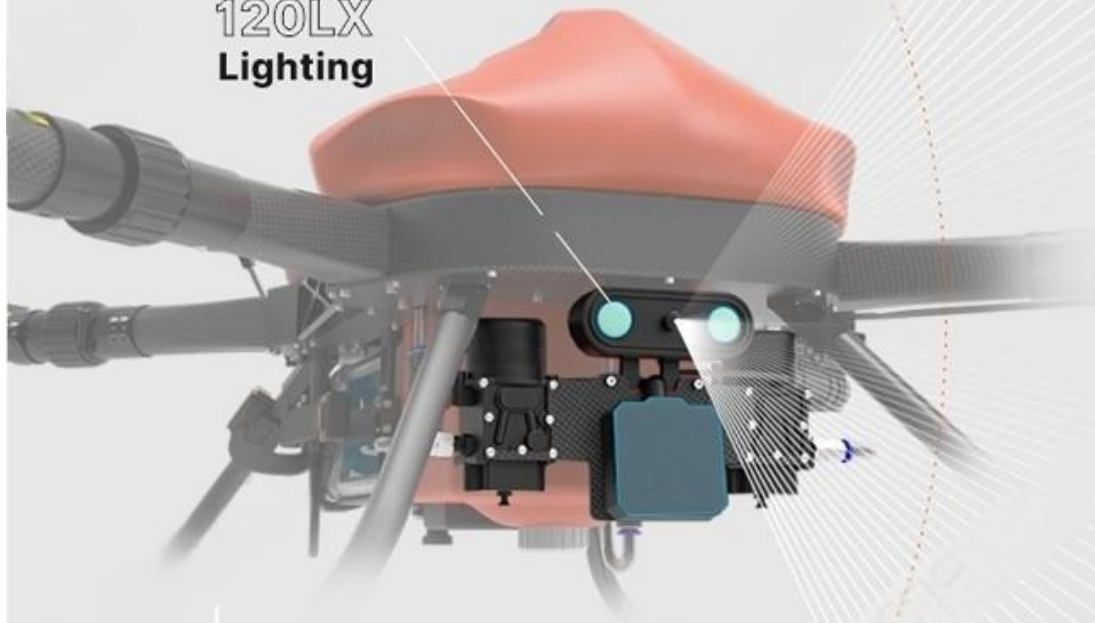

Automatically Avoid Obstacle

Equipped with obstacle avoidance radar module to foresee the obstacles ahead and ensure flight safety.

8W
120LX
Lighting

120°
Camera

120°FPV

AF150, front-facing camera, 120° perspective view, 8W high-brightness LED and 120-degree lighting, is fitted in front of the body to ensure your operation at night.

Special Structure

Keep Efficiently

Carbon fiber and aluminum alloy body, high strength, light weight. Foldable the arm to quickly expand the operation and reduce the preparation time.

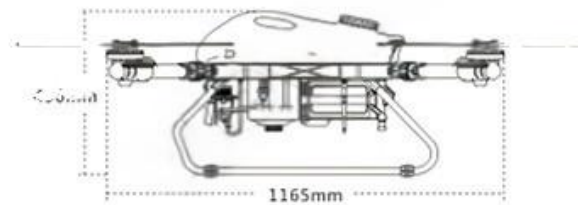

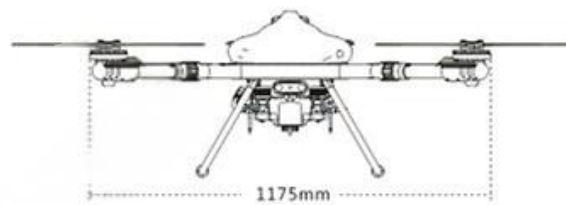

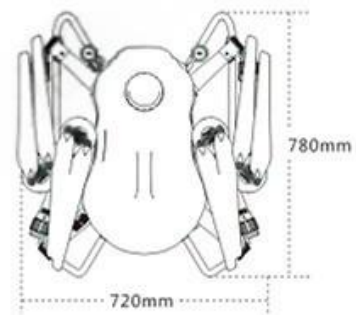

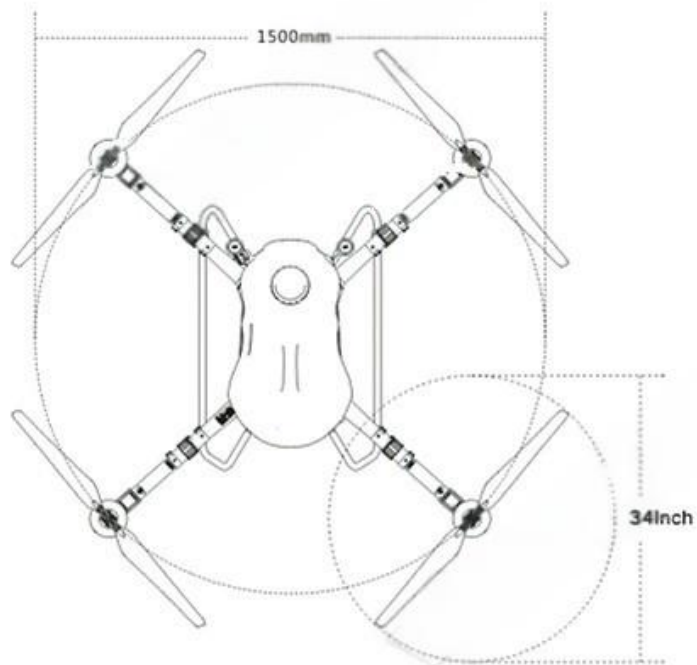

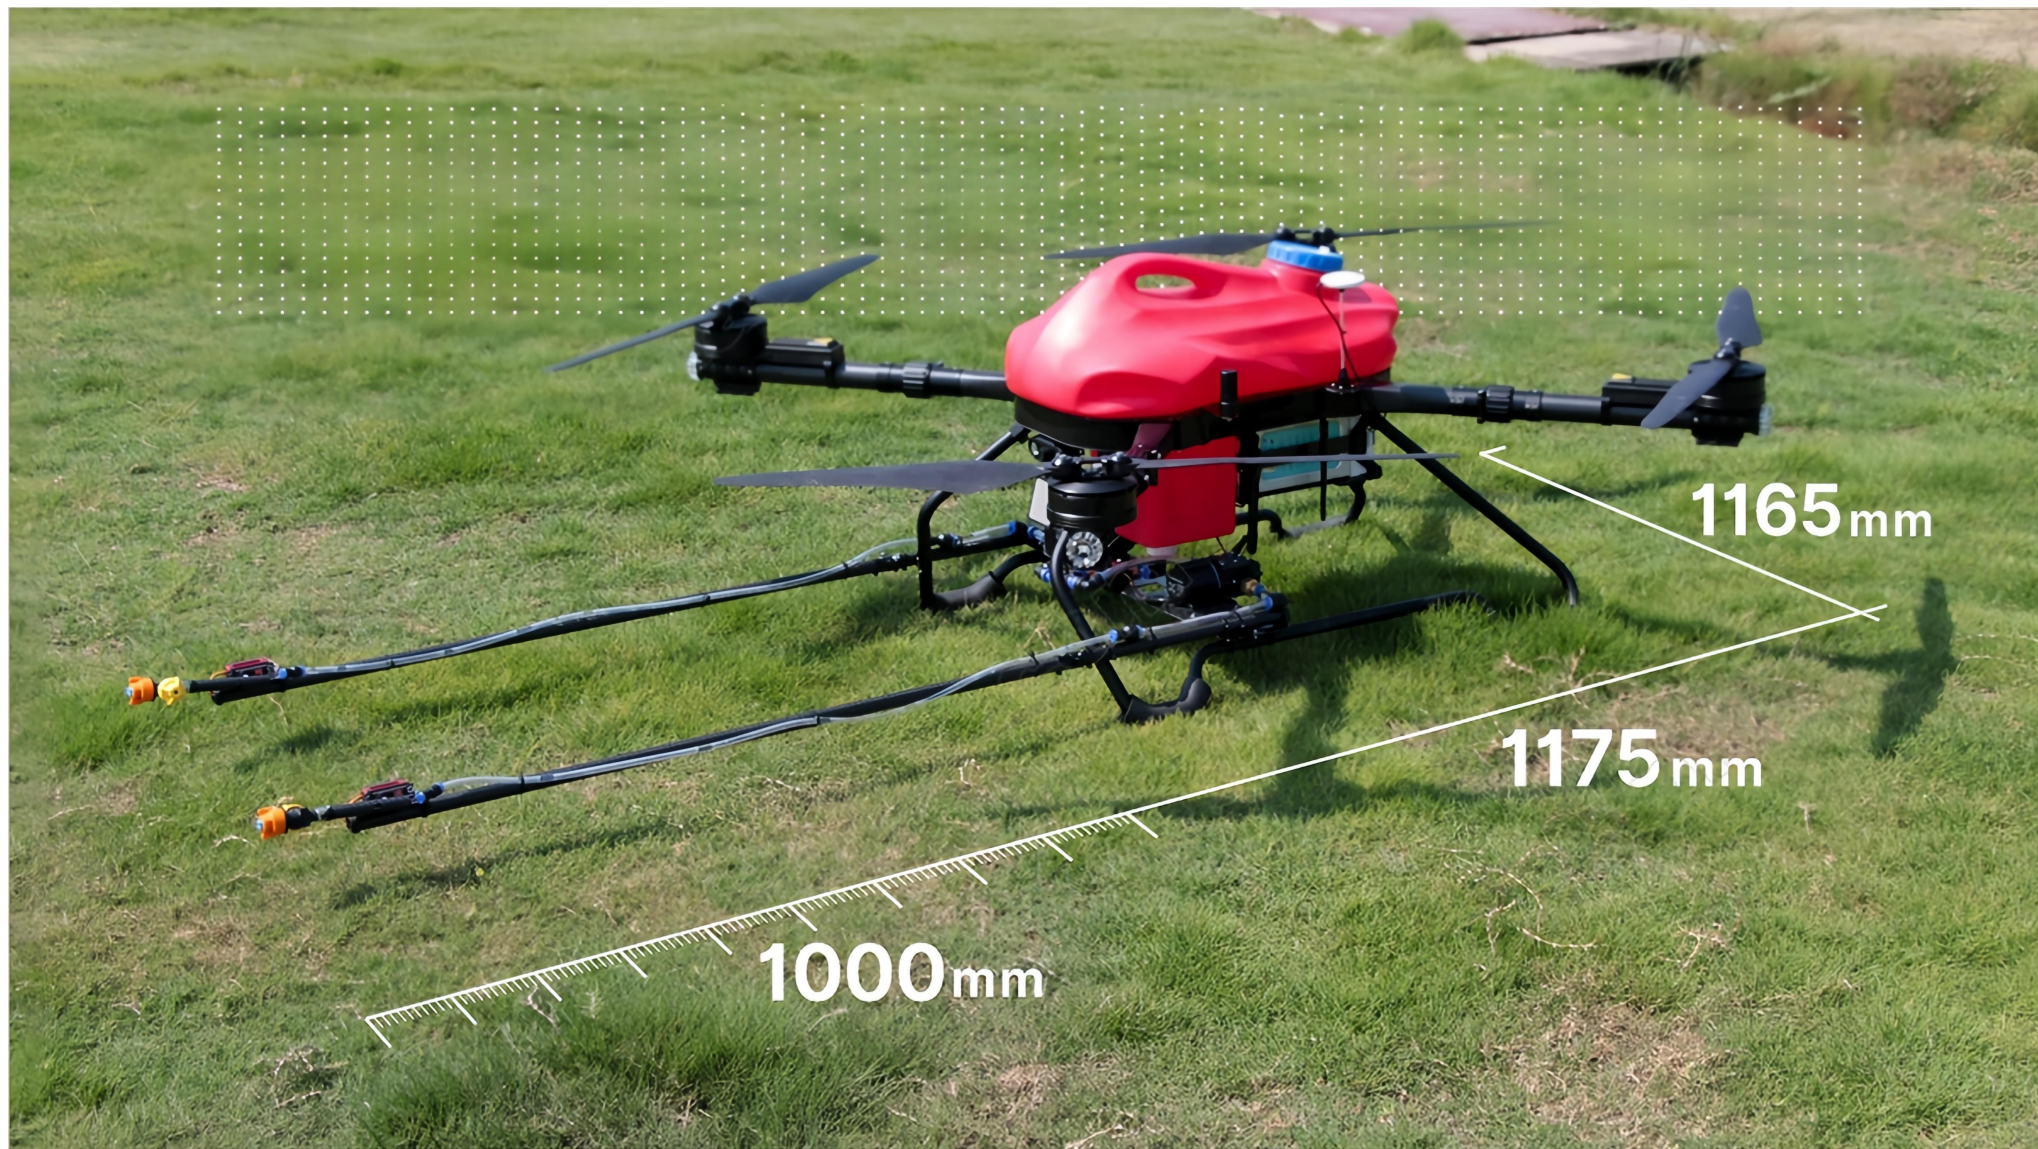

Large Capacity Small Size

AF150 uses a four-axis folding design, which can save the high transportation cost and transition space. 1500mm wheelbase design, unfolded size 1175 * 1165mm, working volume.

Fold size 720mm x 780mm, every cars can easily transport.

AF150-2"
