

# Moneypro M2-13

**5 kg**

Max. Payload

**13 inches**

Propeller Diameter

**40 min**

Max. Flight Time

**40 km**

Max. Flight Range

## Parameters

### Aircraft

|                       |                                                                         |
|-----------------------|-------------------------------------------------------------------------|
| Weight                | 950±10 g                                                                |
| Structure             | X-type quadcopter with folding arms                                     |
| Wheelbase             | 520 mm                                                                  |
| Max. Payload          | 5 kg                                                                    |
| Max. Takeoff Altitude | 4000 m                                                                  |
| Max. Flight Time      | 40 min@no load、13 min@3 kg、<br>7 min@5 kg (No wind, Height 10 m, Hover) |
| Max. Flight Range     | 40 km (No wind, Altitude 50 m, Flight speed 19 m/s)                     |
| Support               | One control for many machines                                           |

### Packaging

|                    |                                   |
|--------------------|-----------------------------------|
| Package Dimensions | (Five units to a box) 66*61*16 cm |
| Package Weight     | 7 kg                              |
